

# IFS資料庫的操作步驟

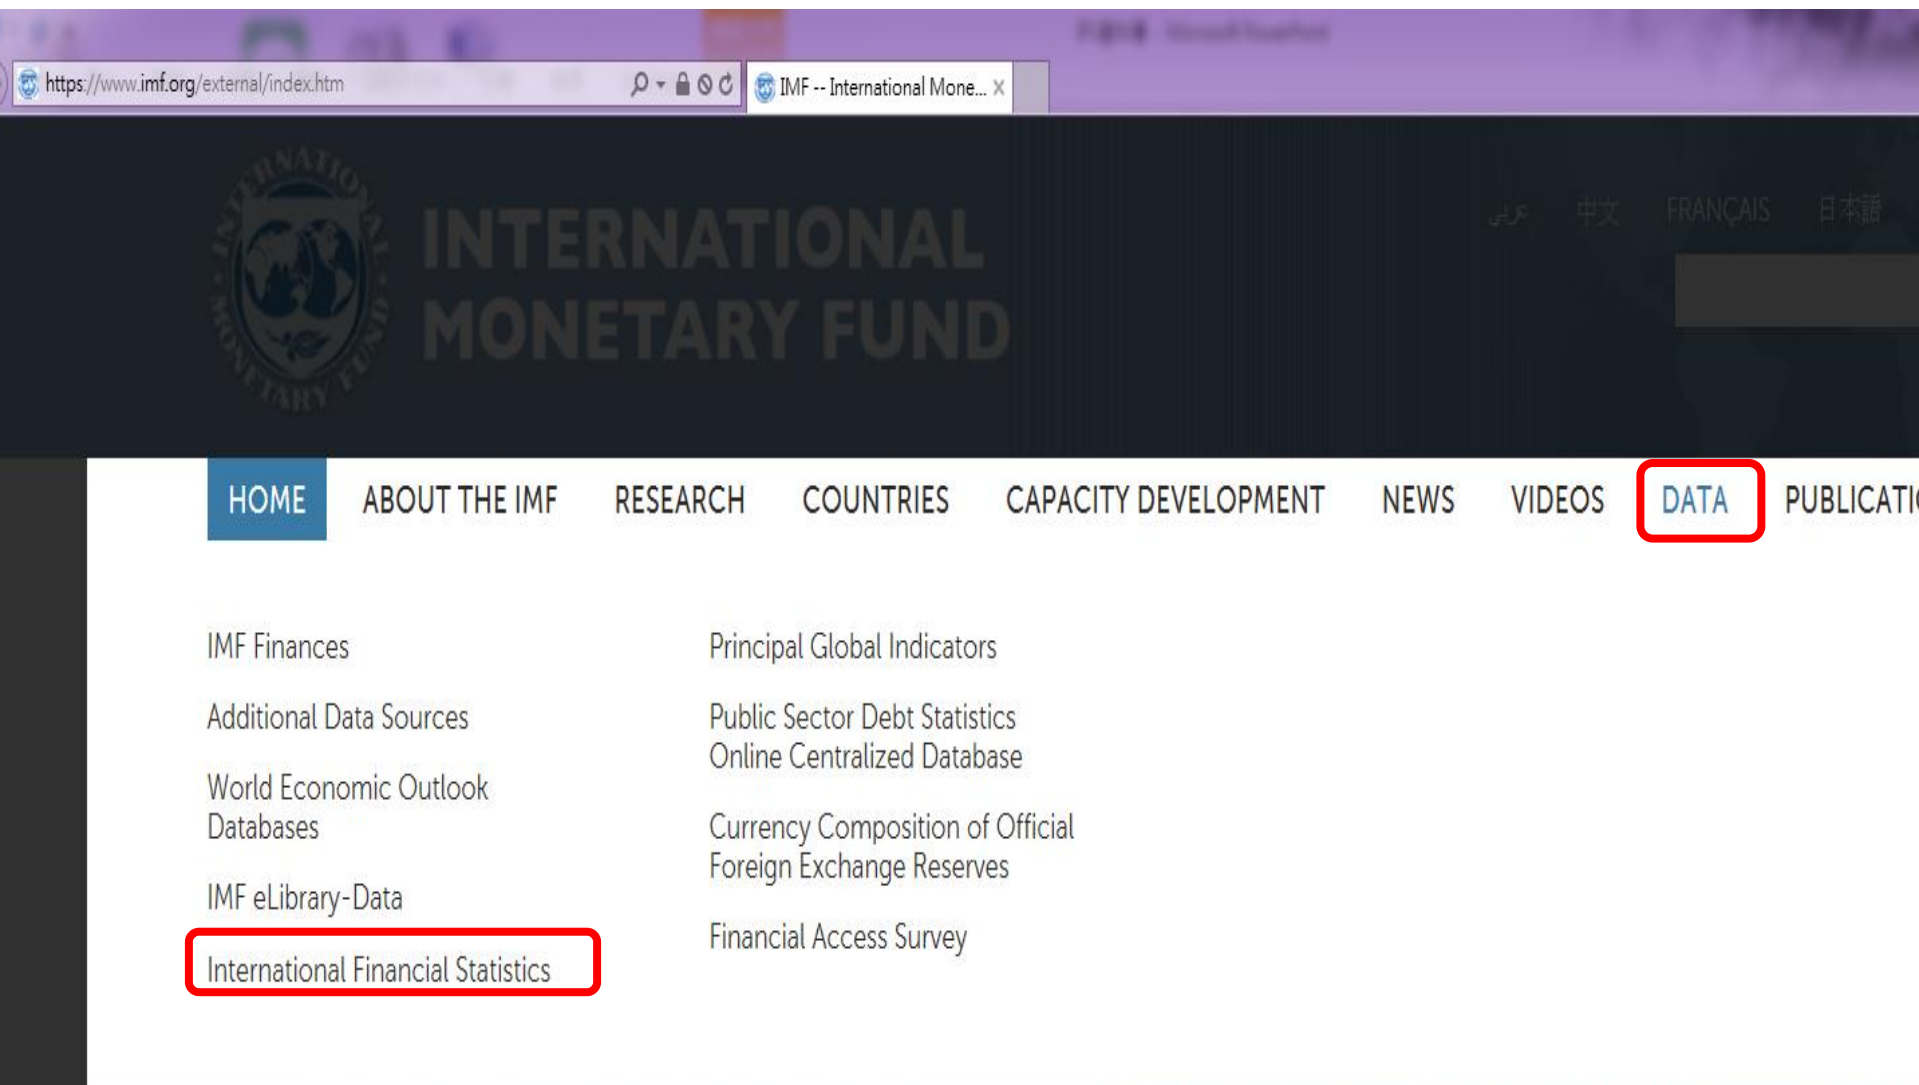

# 1. 進入IMF網頁，選擇“data”

The screenshot shows the IMF website with the following elements:

- Browser Address Bar:** <https://www.imf.org/external/index.htm>
- Search Bar:** imf - Yahoo 奇摩 搜尋結果
- Language Selection:** 中文, FRANÇAIS, 日本語
- Navigation Menu:** HOME, ABOUT THE IMF, RESEARCH, COUNTRIES, CAPACITY DEVELOPMENT, NEWS, VIDEOS, **DATA** (highlighted with a red box), PUBLICATIONS
- Main Content Area:**
  - Headline:** Asia Needs More Access to Financial Services to Grow
  - Text:** In Asia, the world's fastest-growing region, expanding access to financial services for more people will mean higher growth, as well as lower poverty and inequality.
- Image:** A photograph of a woman in a retail setting using a smartphone.

## 2. 再選擇 “International Financial Statistics”

The screenshot shows the IMF website's navigation menu. The 'DATA' link is highlighted with a red box. Below the menu, a list of data sources is displayed, with 'International Financial Statistics' also highlighted by a red box.

financial institutions, and philanthropists.

### 3. 再選擇 "Query"

The screenshot shows the IMF Data website interface. At the top, there is a navigation bar with the IMF logo and the text "INTERNATIONAL MONETARY FUND". Below this, a secondary navigation bar contains links: "IMF.ORG", "ELIBRARY", "BOOKSTORE", "MCM DATA", "DATASETS", "DATA TOPICS", and "HELP". The main heading reads "IMF DATA ACCESS TO MACROECONOMIC & FINANCIAL DATA". Underneath, the section "International Financial Statistics (IFS)" is displayed. A horizontal menu below this section includes "IFS Home", "Data Tables", "Metadata", "Query" (which is highlighted with a red rectangle), "Archive", and "About IFS". The content area below the menu contains a "What's New" section titled "The *International Financial Statistics (IFS)* – New Release", followed by a paragraph describing updates to the IFS databases for National Account (SNA) and Prices (PPLT), and a final sentence stating that the IFS is one of the Fund's principal statistical datasets available since January 1948.

**What's New:** The *International Financial Statistics (IFS)* – New Release The new IFS features sub-databases for National Account (SNA) and Prices (PPLT) underlying historical series with different b... years. Some concepts codes have been added or revised. Aggregations methods for Exports/Import... National Accounts use an improved estimation algorithm for non-reporting countries and may resu... revisions to the series from January 2000.

The *International Financial Statistics* is one of the Fund's principal statistical datasets and has been available since January 1948.

4. 選”Indicator”→輸入搜尋變數之關鍵字  
(如: exchange rate) →選目標變數→再選 ”Apply”

The screenshot shows the IMF Data website interface. A red arrow points from the text "Indicator" in the instruction to the "Indicator" tab in the "Data view" section. Another red arrow points from the text "exchange rate" in the instruction to the search input field in the "Filter Indicator" dialog box. A blue arrow points from the text "目標變數" (Target Variable) in the instruction to the list of search results in the dialog box. A final blue arrow points from the text "Apply" in the instruction to the "Apply" button at the bottom of the dialog box.

## 6. 選“export” (輸出資料檔)

→ 選“xlsx”

The screenshot shows the IMF Data website interface. The main header includes navigation links: IMF.ORG, ELIBRARY, BOOKSTORE, MCM DATA, DATASETS, DATA TOPICS, and HELP. Below this is a large blue banner with the text "IMF DATA ACCESS TO MACROECONOMIC & FINANCIAL DATA". The page title is "International Financial Statistics (IFS)". A navigation bar contains links: IFS Home, Data Tables, Metadata, Query (highlighted), Archive, and About IFS. A search bar is on the right. A message states: "To display data please select the desired Time, Country and Indicator on the left. For detailed help documents please use 'How to Use Query' in the IMF k...". The main content area shows a table with columns for Country, Indicator, and Data. The first row displays data for Australia: "Exchange Rates, Euro per Domestic Currency, Period Average, Rate" with a value of 0.65. On the left, there are filters for "Columns" (Time (225 from 1802)) and "Rows" (Country (Australia)). At the bottom, there is a "Data view" section with a "View" dropdown set to "Table", and buttons for "Background", "Title", "Table adjust", "Advanced", "Export", and "Share". The "Export" dropdown menu is open, showing options: ".xlsx" (selected), ".pptx", ".pdf", and ".png". A red arrow points from the text "選'export'" to the "Export" button, and a blue arrow points from the text "選'xlsx'" to the ".xlsx" option in the dropdown menu.
